

The University of Winnipeg Faculty Association

21 November 2016

Dear Mark Hudson, President of UMFA:

We, at the UWFA, would like to congratulate you on your recent table agreement with administration at the University of Manitoba. We know that this has been a long and difficult negotiation. We admire and respect your integrity and courage on so many points integral to collegial and fair governance. We must all work hard and stay vigilant to ensure quality university education is a top priority in our province and indeed across our country. Best of luck with the ratification vote.
