1) Update on Contract Faculty Bargaining

 - The main point in the governance area was the ability to maintain most of the pro-rata model while not accomplishing much in the way of importing Main Unit clauses.
 - The only other direction that the Association could go is to force the employer into conciliation over the outstanding issues (senior scholars and market supplements).
 - There was a concern raised about staffing grad programs with stipends from the community.
- Following a series of questions from the Executive, the following motions were made:

MOTION: That the UWFA Executive direct the Contract Faculty Bargaining Team not discuss market supplements.

MOTION: That the UWFA Executive direct the Contract Faculty Bargaining Team to seek a reduction of the number of market supplements in the Contract Faculty agreement.
